Description

Recommended especially for mature skin that needs to stimulate vitality and slow down the aging process. It is also excellent for impure/combination skin. It has a deep nourishing, hydrating and energizing action on the skin, restoring the epidermis to its natural balance.

The formulation of Lipoic Acid is innovative, considered the most powerful anti-radical and antioxidant present in nature, with natural ingredients such as: Almond Oil, Rosehip Oil, Aloe extract, the smoothing formula Dipalmitoyl Hydroxyproline and Rosa Canina. Thanks to Vitamins A, E and C, surface micro wrinkles are visibly reduced. The cream effectively counteracts the harmful action of the elements responsible for skin aging and prevents makeup from penetrating the pores, resulting in makeup appearing brighter and more durable.
