Description

Black Tea “Mediterranean Caramel”

Your burst of energy, with the taste of caramel

The boldness of black tea meets the indulgence of caramel cubes in an infusion that awakens your senses and delivers a natural, instant boost of energy.

Perfect for:

- Kickstarting your morning with an extra boost
- Enjoying a sweet, revitalizing mid-day break
- Wrapping up a meal with a guilt-free, delicious treat

Like gazing at the colorful houses of Procida and the little boats gently swaying in the sea, each sip takes your mind on a journey and fills your heart with Mediterranean joy.

What makes our teas special:

- **Carefully selected, high-quality ingredients**
- In every pyramid bag, you'll clearly see seeds, berries, peels, and whole leaves — a true sign of a natural, non-powdered product
- **Pyramid-shaped tea bags made from 100% recyclable material** derived from sugarcane fiber, designed to give the ingredients space to fully open during infusion and release their full aroma, color, and flavor
- **Colorful packaging:** Each blend comes in a resealable kraft pouch with a zip-lock closure to preserve freshness and aroma. Every package features a **hand-drawn illustration** inspired by the colors and atmosphere of the Mediterranean — an artistic touch that makes each pouch unique and easily recognizable
- Inside, you'll find **12 pyramid tea bags**, each filled with the fragrance and beauty of natural ingredients.
