Description

An intensive daily treatment designed to nourish, moisturize and protect the skin of even the driest and most stressed hands and feet. Thanks to a rich and balanced formulation, this cream combines the antioxidant effectiveness of Vitamin E, the emollient properties of Sweet Almond Oil and Organic Olive Oil, with the moisturizing and soothing action of Aloe Phytoextract. The precious skin radiance activator, made from Mullein flowers, helps improve the radiance of the skin, giving it a visibly healthier and cared-for appearance. Enriched with thermal water from the island of Ischia, this cream envelops the skin with a delicate citrus fragrance, providing a feeling of lasting comfort and well-being.

Apply daily to hands and feet, preferably after cleansing. Massage gently until completely absorbed, insisting on particularly dry or cracked areas.
