Manufacturer<u>Ischia Thermae</u>

Description

Thermal Firming Breast Cream contains unique elements which carry out moisturizing, energyzing and protective action - and in synergy they help to increase the level of elasticity and toning of skin tissues. It helps to prevent stretch marks. Regular use of Thermal Firming Breast Cream is especially recommended form heavy breasts, when experiencing weight fluctuation and during pregnancy.

APPLICATION

Morning and night, after cleansing, it is suggested to tone the skin with Thermal Toner and then apply Thermal Firming Breast Cream on breasts and decolleté.

Gently massage with smoothing circular movements avoiding the nipple area.
